REVIEW OF ENGLISH LITERATURE SEMESTER 1 NOVELSTARS ANSWERS

- This is a very good book that is well written and well developed. However, this is one of the saddest books I have ever read. It seemed that nothing good happened to the characters. Nonetheless I really liked how all the characters were all tied together in this one little town, especially with the use of a mute person.The book is about several different characters a deaf mute man who longs for friendship and for someone like himself, a little girl who loves music but because her family is poor always struggles to keep that love for music, a store owner who has somewhat feminine tendencies and possibly be a pedophile, a black doctor who wants to help his people, and a communist man who wants to spread his knowledge.Some of the minor characters are interesting too and include an obese deaf mute, the little girls family, and the doctors daughter.Well thoughtout and developed book. I recommend is highly.

- This novel deals with everyday situations, things that are not out of this world. The average reader reads for pleasure, but this novel is one that instead of pleasure inspires realism to the maximum extent. We can perceive the problems of adolescence in Mick Kelly, a young girl which is given responsibilities not her age, like taking care of her younger brothers. Also, she wants to fit in to a group and doesn't seem to accomplish that, because she is always dreaming and phantasizing about the things she would do, but obviously can't. Jake Blount wants to make people understand the importance of fighting for their rights in the society they are living, but people do not pay attention to him because they rather assimilate the situation and live with it. Dr. Copeland always had a communication problem with his family, for he wanted to make them understand and achieve what he called their "true purpose". But that true purpose was the purpose he chose for his children. This attitude led his children to back off him and blocked communication. John Singer was traumatized since the time he tried to talk and people would stare at him oddly. This made him feel different and started to have deaf-mute friends, which only for their disability, were totally different from him. Summing up, this novel deals with alienation in its various forms: disability, lack of communication, different outlooks on life, adolescence and the changes it comprises. Whoever wants to take a journey into man's deepest thoughts should read this book as soon as possible.
