REVIEW OF CURRICULUM VITAE STAFF LTU

- Previous reviewer is right on the

money. BRS Surgery was a great review book and it worked for me! The questions are very comparable to the difficulty of the shelf exam. Used it along with NMS casebook and did well enough to get Honors!! Outline format is a VERY quick read and you will retain MORE.

- This book was an incredible novel that covered so many complex issues in one touching story. When an author tries to encompass so many elements into a piece they often dont develop them all properly but Kathleen Cross does an excellent job. She put the complex racial issues we ALL face in our society every day into words in a way I have never seen. VERY highly recommended.
