REVIEW OF NEC DTERM 80 PHONE MANUAL

- I read this book in reading class at school a couple years ago. I remember thinking "Oh great, they're making us read another stupid book." But as I started reading The Giver, I realized it was a really interesting story. I liked it a lot so I give it 5 stars!
- I gave this book a one because some of the ideals in the book are different from my personal beliefs, for instance when the newborn twins were weighed and one was killed because weight was less.
