REVIEW OF TOMPKINS FACILITIES PLANNING SOLUTIONS MANUAL HIGGIS

- I was disappointed by this book. By the end of the book I still had not developed any real feeling for any of the characters. It's an awful lot of slogging through boring upperclass British nattering, punctuated by somewhat startling little bursts of graphic sex. It was an odd juxtaposition. However, if you're keen on fairly hot gay sex scenes, this book's for you! Nick Guest, the main character, is not terribly interesting and I was sorry to have spent so much time in his company. I'm just glad I read quickly because I'd be mad if I invested any more than a few days' worth of subway rides on this.

- I own twelve of the BBC radio broadcasts and each one is quite good. This one is one of the best. One can sit back, relax, and visualize the characters and the story as it moves along. These broadcasts are a great way for me to wind down from a hard day and spend a cold night in my easy chair relaxing.
