#### **REVIEW OF NISSAN KA24E ENGINE SPECS**

- When I saw the movie A tree Grows in Brooklyn, I didn't know much about it, but I loved the film so my mom bought me the book. I didn't get around to reading it till recently and I would have been missing out on something superb if I had skipped it. I laughed and cried and I learned a great deal. YOU HAVE TO READ THIS!!!

- This book was going great until I got to page 60. The next page was missing and was clearly printed that way, not torn out. I flipped through the next few pages and realized that pages were put together all mixed up, so I've had to flip around to keep reading. It's very annoying and confusing. The publisher is Harper Collins. They should be ashamed of themselves. This book is a classic. Get the book, just not this printing.
