REVIEW OF ADULT DEVELOPMENT AND AGING BIOPSYCHOSOCIAL PERSPECTIVES 5TH EDITION

- A wonderful book for tiny hands and eyes, moveable parts and simple words, bright, clear illustrations, a must for car and engine obsessed little ones.

- Beware that this is a mini book, which makes looking at Cattelan's artwork almost impossible. Cattelan is an incredibly funny, satiric, conceptual sculptor. His work makes fun of the gallery system in an intelligent way but also moves beyond the criticism of art politics. Some of his work has recently earned the prestigious title of "controversial" (the images of himself hanging from a tree). I put Cattelan in the same category as Manzoni, Fontana...great book but I would order the bigger one.
