REVIEW OF SEELEY 9TH EDITION ANATOMY AND PHYSIOLOGY

- I found myself rather disappointed because boyington spent most of the book describing his thoughts and feelings and life and not enough of what was going on around him. It was as if he was trying to make everyone feel sorry for him.

- This aired a long time ago, but we enjoyed it then and now thanks to technology, we are enjoying them again. And our adult children who don't even remember them are enjoying them, also.
