From romance and mystery to sci-fi and dream, there are many styles to pick from. Whether you're a follower of heartwarming romance, exhilarating murder mysteries, or psychedelic sci-fi experiences, there's always The Secret War book waiting to mesmerize you.

A Short Course in the Secret War Rowman & Littlefield

"Hidden from the media and the public, hundreds of US elite soldiers under the wraps of "top secret" were on missions carried out across the fence in Laos, Cambodia and North Vietnam. To military insiders, it was the "secret war." Mission authority was carried out under the aegis of the Military Assistance Command, Vietnam's top secret Studies and Observations Group. SOG's chain of command for after-action reports extended to the White House and Joint Chiefs of Staff. When the secret war ended eight years later in 1972, most SOG military records were destroyed. The cloak of secrecy remained over SOG for 29 years until April 14, 2001, when a Presidential Unit Citation--the military equivalent of the Distinguished Service Cross, our nation's second highest award for valor--was awarded to SOG and its support units." --Publisher description.

Cloak & Gown Northwestern University Press

In his final written testament, the late CIA director chronicles the role played by U.S. intelligence services in World War II and shows how intelligence is used and misused by our government today

On the Ground Simon and Schuster

Despite all that has already been written on Franklin Delano Roosevelt, Joseph Persico has uncovered a hitherto overlooked dimension of FDR's wartime leadership: his involvement in intelligence and espionage operations. Roosevelt's Secret War is crowded with remarkable revelations: -FDR wanted to bomb Tokyo before Pearl Harbor -A defector from Hitler's inner circle reported directly to the Oval Office -Roosevelt knew before any other world leader of Hitler's plan to invade Russia -Roosevelt and Churchill concealed a disaster costing hundreds of British soldiers'

lives in order to protect Ultra, the British codebreaking secret -An unwitting Japanese diplomat provided the President with a direct pipeline into Hitler's councils Roosevelt's Secret War also describes how much FDR had been told--before the Holocaust--about the coming fate of Europe's Jews. And Persico also provides a definitive answer to the perennial question Did FDR know in advance about the attack on Pearl Harbor? By temperament and character, no American president was better suited for secret warfare than FDR. He manipulated, compartmentalized, dissembled, and misled, demonstrating a spymaster's talent for intrigue. He once remarked, "I never let my right hand know what my left hand does." Not only did Roosevelt create America's first central intelligence agency, the OSS, under "Wild Bill" Donovan, but he ran spy rings directly from the Oval Office, enlisting well-placed socialite friends. FDR was also spied against. Roosevelt's Secret War presents evidence that the Soviet Union had a source inside the Roosevelt White House; that British agents fed FDR total fabrications to draw the United States into war; and that Roosevelt, by yielding to Churchill's demand that British scientists be allowed to work on the Manhattan Project, enabled the secrets of the bomb to be stolen. And these are only a few of the scores of revelations in this constantly surprising story of Roosevelt's hidden role in World War II.

The Secret War with Iran Princeton University Press

The year is 1835, only twenty years after the war of 1812. The methods of war and medicine are crude compared to the standards of today. The United States is a new and struggling country, ill-prepared for a virulent outbreak that aggressively sweeps through the young nation, ravaging all in its path. Inadvertently created by a brilliant doctor at the edge of the western frontier, while researching Native Indian tribe medicines in an effort to save the lives of his family. Across a barely tamed America, where steamships and horseback are the fastest ways to travel, divergent people and bands of defenders come together to combat an enigma beyond their understanding. Striving to outrun an enemy sweeping through the countryside, they must create new methods to find something, anything to stop the madness. How will our heroes be able to put aside differences, adapt and rise to the occasion? Can this young and struggling nation face down this macabre new threat? Will groundbreaking technologies turn the tide and contain the horror of these dead-like enemies?

Sketches from a Secret War Frederick, Md. : University Publications of America

The tale of a young Green Beret medic, Vietnam combat veteran with the top secret Studies and Observations Group (SOG) who was recruited by the US Agency for International Development (USAID). Schofield worked 5 1/2 years providing medical support for the Hmong and other Hill Tribes who fought the CIA's secret war in Northern Laos, and was among the last Americans to leave SE Asia in May 1975. It was a surreal time and place that would be impossible to even imagine today. "Schofield's book reflects a genuine love for the Hmong and their culture, as well as a vast knowledge of their efforts during our 'secret war' in Laos in the 1960s and 1970s. Read and learn some actual facts; not overblown rhetoric from another barstool hero." -Stephen R. Leopold is Colonel, SF, USA (Ret) "Schofield's book will be a welcome, informative addition to recent books released on the early days of Green Beret history in Southeast Asia. De Oppresso Liber." -John Stryker Meyer is author of SOG Chronicles, Across the Fence and On the Ground

Secret Wars Henselstone Verlag LLC

The Secret War marks a new direction in the theoretical and cultural history of secret intelligence and state secrecy in the twentieth century through a study of that century's political fiction.

SOG Outskirts Press

The forgotten protagonist of this true account aspired to be a cubist painter in his native Kyiv. In a Europe remade by the First World War, his talents led him to different roles—intelligence operative, powerful statesman, underground activist, lifelong conspirator. Henryk Józewski directed Polish intelligence in Ukraine, governed the borderland region of Volhynia in the interwar years, worked in the anti-Nazi and anti-Soviet underground during the Second World War, and conspired against Poland's Stalinists until his arrest in 1953. His personal story, important in its own right, sheds new light on the foundations of Soviet power and on the ideals of those who resisted it. By following the arc of Józewski's life, this book demonstrates that his tolerant policies toward Ukrainians in Volhynia were part of Poland's plans to roll back the communist threat. The book mines archival materials, many available only since the fall of communism, to rescue Józewski, his Polish milieu, and his Ukrainian dream from oblivion. An epilogue connects his legacy to the disintegration of the Soviet Union and the democratic revolution in Ukraine in 2004.

The CIA and its World War II predecessor, the Office of Strategic Services (OSS), were for many years largely populated by members of Ivy League colleges, particularly Yale. In this highly acclaimed book, Robin Winks explores the underlying bonds between the university and the intelligence communities, introducing a fascinating cast of characters that include safe-crackers and experts in Azerbaijani as well as such social luminaries as Paul Mellon, David Bruce, John P. Marquand, Jr., and William Vanderbilt. This edition of the book includes a new preface by Winks. Reviews of the first edition: "One of the best studies of intelligence in recent years."--Edward Jay Epstein, Los Angeles Times Book Review "The most original book yet written on the interpenetration of counter-intelligence and campus."--Andrew Sinclair, Sunday Times (London) "Winks writes a lively compound of analysis and anecdote to illuminate the bonds between academe and the intelligence community. His book is a towering achievement."--Robert W. Smith, Chicago Sun-Times "Among the more important contributions to the history of Anglo-American espionage to appear this or any other year. . . . Moves with an unfolding pace that any thriller writer might envy."--Tom Dowling, San Francisco Examiner "A brilliant book."--Sallie Pisani, Journal of American History

The Secret War Penguin Random House India Private Limited

NEW YORK TIMES BESTSELLER • The little-known true story of Marie-Madeleine Fourcade, the woman who headed the largest spy network in occupied France during World War II, from the bestselling author of *Citizens of London* and *Last Hope Island* "Brava to Lynne Olson for a biography that should challenge any outdated assumptions about who deserves to be called a hero."—The Washington Post **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR AND THE WASHINGTON POST** In 1941 a thirty-one-year-old Frenchwoman, a young mother born to privilege and known for her beauty and glamour, became the leader of a vast intelligence organization—the only woman to serve as a chef de résistance during the war. Strong-willed, independent, and a lifelong rebel against her country's conservative, patriarchal society, Marie-Madeleine Fourcade was temperamentally made for the job. Her group's name was Alliance, but the Gestapo dubbed it Noah's Ark because its agents used the names of animals as their aliases. The name Marie-Madeleine chose for herself was Hedgehog: a tough little animal, unthreatening in appearance, that, as a colleague of hers put it, "even a lion would hesitate to bite." No other French spy network lasted as long or supplied as much crucial intelligence—including providing American and British military commanders with a 55-foot-long map of the beaches and roads on which the Allies would land on D-Day—as Alliance. The Gestapo pursued them relentlessly, capturing, torturing, and executing hundreds of its three thousand agents, including Fourcade's own lover and many of her key spies. Although Fourcade, the mother of two young children, moved her headquarters every few weeks, constantly changing her hair color, clothing, and identity, she was captured twice by the Nazis. Both times she managed to escape—once by slipping naked through the bars of her jail cell—and continued to hold her network together even as it repeatedly threatened to crumble around her. Now, in this dramatic account of the war that split France in two and forced its people to live side by side with their hated German occupiers, Lynne Olson tells the fascinating story of a woman who stood up for her nation, her fellow citizens, and herself. "Fast-paced and impressively researched . . . Olson writes with verve and a historian's authority. . . . With this gripping tale, Lynne Olson pays [Marie-Madeleine Fourcade] what

history has so far denied her. France, slow to confront the stain of Vichy, would do well to finally honor a fighter most of us would want in our foxhole."—The New York Times Book Review

[The Secret War of 1834](#) Random House

The Secret War Council, Germany's spy organization in New York, received orders from Berlin to stop the flow of munitions through terrorism in January 1915. German agents in the U.S. firebombed freighters on the high seas, incited labor unrest, fomented troubles along the Mexican-American border, and damaged or destroyed dozens of American factories and logistics installations. The German secret war against the United States in 1915, its discovery and publication, combined with the disastrous sinking of the *Lusitania* in May of that year, did much to prepare the American public to finally accept joining the Entente powers against Germany in 1917. This is the story of a group of German agents in the United States, who executed this mission.

This now classic insider's look at international intelligence and secret operations, based in part on the author's own Cold War experience in Hungary after World War II, has been updated to include a new afterword featuring revelations of Raoul Wallenberg's fate, British turncoat Kim Philby, and much more.

A Great Place to Have a War Andesite Press

This work is an expression of my experiences as a Raven Forward Air Controller during the secret war in Laos. My window of participation was from December 1969 thru June 1970. This work is about people I knew who risk their life in a fight for the freedom of others and whose lives were twisted and tempered in the crucible of Regional Civil Wars. This is a story of promise, betrayal, and hardship that progressed to a refugee gateway leading to compassion, freedom, education, and prosperity. The Hmong, Lao, Cambodian, Montagnard, and Vietnamese refugees from the Vietnam Area War produced vibrant communities in the United States. The Hmong preserved and learned to adapt to the American system without losing their cultural identity as Hmong or Americans. The Hmong have cleared the path and set the example for new refugees to follow.

The Secret War HarperCollins

Fans of Brandon Mull and James Riley will love this middle grade fantasy trilogy about a regular kid who discovers that the truth about his past could be the answer to saving the future. All Jack Blank knows is his bleak, dreary life at St. Barnaby's Home for the Hopeless, Abandoned, Forgotten, and Lost, an orphanage that sinks more and more into the swampland of New Jersey with each passing year. His aptitude tests project him as spending a long, unhappy career as a toilet brush cleaner. His only chance at escape comes through the comic books donated years ago to the orphanage that he

secretly reads in the dark corners of the library. Everything changes one icy gray morning when Jack receives two visitors that alter his life forever. The first is a deadly robot straight out of one of his comic books that tries its best to blow him up. The second is an emissary from a secret country called the Imagine Nation, an astonishing place where all the fantastic and unbelievable things in our world originate—including Jack. Jack soon discovers that he has an amazing ability—one that could make him the savior of the Imagine Nation and the world beyond, or the biggest threat they've ever faced.

Accidental Hero HarperCollins UK

"A great WWII-era historical fiction that has it all: mystery, suspense, history, espionage, action, and a dash of romance all wrapped up into an addictive and intriguing novel." Goodreads reviewer, ★★★★ A life-changing moment

REVIEW OF THE SECRET WAR

- The Journey continues... 5 starsThis book starts off exactly where, "The Fellowship of the Ring," (see my review) ends. The Nine Walkers of Boromir, Aragorn, Gandalf, Gimli, Legolas, Pippin, Merry and the Ring-bear Frodo set out from Rivendell. After their leader and guide fell into the abyss in Moria (an ancient palace of the Dwarves in the mountains), Aragorn became their leader. After emerging from the mountains, and passing through the land of Lorien, the Company faced a choice. Should they go to Mordor, where Frodo must go to destroy the Ring, the all-powerful instrument of evil and corruption or travel to Minis Tirith (Tower of the Guard) capital of the Gondor, a nation of Men who are at war with Mordor and its evil ruler Sauron. The Hobbits Sam and Frodo disappear and depart for Mordor. The other two Hobbits (Merry and Pippin) are taken captive by Orcs, despite being defended by Boromir, who is killed in their defence. In the first half of, "The Two Towers," the tale of what happened to Pippin, Merry, Legolas, Gimli and Aragorn is related. In the second half of, "The Two Towers," the tale of what happened to Frodo and Sam is related. Within the book, I much prefer the first section of it. The reunion of the Hobbits with Aragorn, Gimli and Legolas is one of my favorite moments in the book. In some ways, whenever I undertake to read, "The Lord of the Rings," I dread the second section of, "The Two Towers." Personally, I do not appreciate the pain-staking description of every mountain, rock and flower; I keep waiting for some actual dialogue or action to happen. Tolkien obviously had a vivid, EXTREMELY detailed imagination for he invented every single part of his fictional world of Middle-Earth to be believable. There is a history of behind all the races and some of the races have their very own languages. The problem that Tolkien may have run into in his epic work is that he lost something in attempting to achieve the grand scale he sought to produce. His heavy use of allusions to persons and events that the reader knows nothing of start off as evocative and then begins to get annoying. However, in terms of good epic length fantasy literature, "The Lord of the Rings," started it and it is probably one of the best novels of the 20th century. One last note, remember, Tolkien originally wrote the story for his own enjoyment, he did not envision millions of people in dozens of languages reading his work.

- This book is perfect for fans of the other books. If you liked the movies than this is a perfect read. The only problem with it is that it can get a bit slow at times. (This probably isn't the case for most

people though, as I was 12 when I read this book)
