REVIEW OF MASTERING DOCUMENTATION

- Exceptionally written for children, young adults, and older...I had purchased multiple John Muir books, and decided to get this for my 10 (now 11) year old. She and I both enjoyed it, and she learned more about John Muir because it was presented in an exciting way through this book. Seller was prompt with delivery

and arrived as described.

- This book is riotous! Laugh out loud, disturb your spouse in bed reading for sure. Unless your spouse is a gal, maybe not such a great read for the guys-I found it to definitely be a chick book. Being Gilman's age with divorced parents and a former worshipper of Mick Jagger made this book all the more enjoyable for me. But I think groovy women of all ages will have fun with this book. She writes it with a ton of humor and some moments of seriousness, but Gilman takes you on a ride through her trials and tribs, that most of us go through, but few would publish to paper. Nice to know that your not the only one. This is a fun must read about life, loves, friendships, parents and a bad fashion era.
