REVIEW OF CRITIQUE OF EVERYDAY LIFE VOLUME II

- I read this book right after I found out that I was having twins. Although I was a little concerned about the financial aspects of having two children, I was very positive about having twins. This book absolutely scared me! Doom, gloom, and more doom! After reading it, I thought that I would end up on bedrest early, that my twins would end up in NICU for months, and that all sorts of problems would come up. My husband and I later attended a childbirth class for multiple births and one of the first things that the instructor told us was to NOT read this book. There are so many other books out there that do tell you the risks and the problems, but manage to stay positive. Incidentally, I never was put on bedrest, my girls were born at 36 weeks, they spent one night in NICU and came home with me three days later. Believe me, from talking to other moms of twins and my own experiences, this is much more common than this book would make you believe.

- donated to the public library.....The Psychic Pathway: A Workbook for Reawakening the Voice of Your Soul....hoping others will enjoy this book also....I read a lot of books this one was

good but not great!~
