REVIEW OF FEDERAL TAXATION 2014 PRATT SOLUTION

- This book is in the same sort of foreboding vein as 1984 and A Brave New World. The critical difference is that is by and about a woman. It is at once a fascinating look into one woman's mind and an effective social commentary. Anything by Atwood is sure to be magnificent, and this is no exception. Beautifully written and constructed.
- Very disappointed in this product. Did not like tone in which it was written and did not appreciate some of the insinuations. Was looking for a factual run-down summary of each of the books of the Bible to use in conjunction with Bible study, but this couldn't do the job. Go with The MacArthur Bible Commentary (http://www.amazon.com/gp/product/0785250662/ref=oh_details_o06_s00_i00) instead—a much better choice.
