- I never thought that the Holy Spirit can inspired someone to live a life of total faith and believed in Jesus, and his Word. I wish I had known about these teachings when I was a new born believer. Had I no listen to so many

teachers, most of them with good intentions but just like Paul sincerely wrong, I would had never lost my faith. Now thanks to God and the teachings of this godly man, I am hoping to gained or recuperate what the devil had

stolen from me through those so call good men of God, but so out of sync with God's will.

- The book is for class starting soon, so not used it yet but it was in good shape and on time.
