REVIEW OF BIOLOGY CAMPBELL 8TH EDITION TEST BANK PRESENTATION

- I have just finished reading Vivian Yang's, Shanghai Girl, and am amazed that it is the first novel of a young woman for whom English is a second language! Her use of idioms and slang are remarkable. She also has an excellent grasp of life, customs and politics in America. It is a very good read which opens the eyes of its readers to the incredible struggle that immigrants to our country must face when they leave their homelands to seek "a better life". My hat is off to all those whose intelligence, determination and drive lead them to the realization of their dream -- and this includes Sha-fei AND Vivian Yang!

- I am from a small town just 30 miles

from the place in the book. I could really relate to the descriptions of the characters, locations, etc. This is a "keeper". I have never been able to find this book in hardcover. Do you have any suggestions on where I could locate one?
