### **REVIEW OF STATISTICS FOR BUSINESS ECONOMICS 9TH EDITION**

- Help, I can't stop reading these books. I find myself putting off all of the other things I should be doing, and reading instead."The Great Hunt" is a well written, action packed, fantasy book. The Aes Sedi you definately don't mess with, and the Seanchan are just evil slavers!I really like the characters in this book, even though there are many to keep up with.I have read all of the books, so far, in the series, and I enjoyed them so much, I am re-reading them while waiting on the latest and greatest.I really enjoy this stuff!
- I really enjoyed the book for the most part. There are some great topics discussed. I especially enjoyed the chapter on nonprofit/corporation alliances. The downside: I thought the two chapters regarding Boards were lacking. Overall, it's definately worth checking out.
