REVIEW OF APOSTLE PROPHET EVANGELIST PASTOR AND TEACHER

- While I can appreciate Bradbury's views on television's effects on people, I believe he gave far too much credence to the communistic approach to controlling people by doing away with books. Considering the beautiful complexity of a book like Dandelion Wine, this was disappointingly simplistic and unrealistic. And as to the war and the 'bomb' at the end, he stepped totally out of reality, since by the time this was written, the world would have known that the effects of radiation went far beyond the initial destruction. And he gave no explanation as to why there should have been a war at all. Bradbury ignored these issues to the detriment of his entire concept.

- How ironic that a book about limiting access to books is NOT text-to-speech enabled. By preventing access to TTS, the publisher has denied my blind husband the opportunity to read this book on his Kindle through text-to-speech as he wants to do. He will not buy audio books so the publisher makes no sale at all. He bought his Kindle for the express purpose of being able to read books through the text-to-speech function. Unfortunately, too many books have this feature disabled - often through Simon & Schuster. It is especially ironic that the publisher would limit the blind community's access through Kindle TTS when this book centers around removing access to books. Everyone loses.
