## **REVIEW OF AQA A LEVEL HISTORY THE TUDORS ENGLAND 1485 1603**

- Some potential readers of this volume may be put off by its size. However, you can rest assured that you will have no problem with boredom. An inspiring tale of the gullibility of humans throughout the ages. This is a book you can read and re-read for many laughs.
- I'd call this as the EXAM SCAM series rather than EXAM CRAM. The real exam is much harder than the practice questions

covered by the book. Plus, there are an awful number of glaring mistakes in this book that someone who knows FP well will begin to unlearn some of the stuff. So, beware. I found this book totally useless. Microsoft online help is probably the best cost-free solution to prepare for the exam. I found it the hard way. Watch

out for the 'simulation' traps in the exam. Also, there are a number of questions on user setup, server configuration, etc. that are not covered at all in this book. Do not even read about FP Editor. There are hardly any questions.
