REVIEW OF HST 300 PRINT HUERNER

- This book was very interesting and the characters were very interesting as well as all of the settings. I would not recommend this to small or old people, maybe teenagers.
- I recently reread A Princess Of Mars primarily to see if I would enjoy it as much at 34 as I did at 14. I was not disappointed. Burroughs' Martian novels remain, for me, among the most purely FUN books I have come across in a lifetime of reading. There's a little something here for the adolescent male in all of us. In a word: Yahoo!
