#### **REVIEW OF YEAR 11 GCSE HISTORY PAST QUESTION BANK MEDICINE**

- This book is little more than a pamphlet. It's written totally for men in the younger age brackets. I also bought and read I Can't Believe I'm Buying This Book: A Commonsense Guide to Successful Internet Dating. That book is much better, and has much broader scope and depth. Save your money on this one.

- During the first week of September 2004 I finally decided to find the lady of my dreams through internet dating and subscribed to eHarmony with no results for one month. I decided to learn more about and purchased six books on Internet Dating including "The Ultimate Mans Guide to Internet Dating" which is the one that is helping me the most. This book is geared towards men and it is based on 18 tips which had made me aware of very important details that otherwise I had missed or learned only after long time experiences. In addition, it gave me great advice and direct help with my profile which I feel now reflects very well my personality in a way that is very effective. Even if I am a Latino, 65 years old and I have some unusual activities for my age, I am receiving plenty of replies from quality American ladies proper to my personality and life style. The book gave me sight to pick the two best online companies in the US. It didn't took me a lot of my time to read important effective information in this "Ultimate Mans Guide to Internet Dating". Some of the other books wasted plenty of my time with useless blah blah blah information. In my opinion, this is the very best of the six books I bought.
