REVIEW OF STAR TREK ADVENTURES TNG DECK TILES NOW IN

- i must say this book initiated feelings i had not expected. i bought the book as a source of african american history but as i read further, i got drawn into the life of a kid from the last vestiges of slavery who despite the obvious nefarious conditions for a black kid during

those times, was allowed to follow a dream of exploration by gaining and earning acceptance from those good people willing to "give the guy a chance". This book is much more than a story of a black kid who despite never ending verbal attacks (many to this day) did what he wished and contributed to humanity, it is a book that proves there are no limits whenever humans are able to forget their minor differences and intelligently solve any predicament. Kudos to Mr. Robinson!!!

- Good book to give to someone starting out in their own place.. nice photos and easy instructions.
