REVIEW OF WORD PROBLEMS KUMON MATH WORKBOOKS GRADE 3

- This book helped my son (5) understand the concept of tying laces. The two different colored laces in the book are geneous. We put this idea on a pair of his shoes and it

helps him tie a bow. I highly recommend trying it for your kids. My younger son is interested and exploring the book as well.

- The format is fine, the rhymes are fun. Unfortunately it teaches a completely different knot from the one I had in mind when I bought it. I was disappointed. I gave it a try anyway, but it didn't work out very well. The "rabbit ears" knot in the book is supposed to be easier for kids to learn, but my son didn't find it so.
