## **REVIEW OF 777 SYSTEMS STUDY GUIDE**

- i think that this was my favorite book by LJ Smith!! I liked the irony of a vampire that OTHER vampires think as cold and ruthless falling in love with a feared vampire hunter. I just have one question.....Quinn is 400 yrs old and immortal...Rashel is human and will grow old and die, and she refuses to be turned into a vampire. Does anybody see something weird about that? I mean, one day she'll be 60 or something and Quinn will be 18. what will he(and other characters do) when their mortal soulmates die? there was never any hint that the other humans are Old Souls. so whats up? Other than that i really loved this book and all the others in the series. i can't wait till Strange Fate comes out!!!

- It has the power to soften even the heart of this grumpy software engineer. Seriously, I remember having this as a child and it made me happy to read through it again. The quality of the book (paper, binding) seemed to be very good, too.
