Remember, reviewing testimonials can assist you make educated decisions regarding what to review following and can expose you to brand-new writers and categories you could not have taken into consideration previously.

REVIEW OF AS BEES IN HONEY DROWN

- This book was published in 1923. Freud stated in the Preface, "The present discussions are a further development of some trains of thought which I opened up in *Beyond The Pleasure Principle* (1922)... It is more in the nature of a synthesis than of a speculation and seems to have had an ambitious aim in view... In these pages things are touched on which have not yet been the subject of psycho-analytic consideration, and it has not been possible to avoid trenching upon some theories which have been put forward by non-analysts or by former analysts on their retreat from analysis." Here are some representative quotations from the book: "The division

of the psychical into what is conscious and what is unconscious is the fundamental premise of psycho-analysis." "In the present discussion, moreover, I am only putting forward a hypothesis; I have no proof to offer. It seems a plausible view that this displaceable and neutral energy, which is no doubt active both in the ego and in the id, proceeds from the narcissistic store of libido---that it is desexualized Eros." "As the child was once under a compulsion to obey its parents, so the ego submits to the categorical imperative of its super-ego." "One may go further and venture the hypothesis that a great part of the sense of guilt must normally remain unconscious, because the origin of conscience is intimately connected with the Oedipus

complex, which belongs to the unconscious." "Psycho-analysis is an instrument to enable the ego to achieve a progressive conquest of the id."

- "Circus of the Damned" is the third book in Laurell Hamilton's "Anita Blake: Vampire Hunter" series, about a young woman who has a full time job raising zombies from the dead, and a part time job killing vampires. It follows "The Laughing Corpse" and has her squaring off against 3 "Master" vampires. I have read the first Anita Blake novel and bought this by mistake, thinking it was the second book in the series. While I recommend reading the first novel, "Guilty Pleasures," you can then move straight into this book, as I was able to follow along easily and appear not to have missed anything. Like with the first

book, I felt very awkward reading this. It is basically a "vampire romance" novel, in that there is a lot of subtle talk about sex, and a lot of male Fabio-type vampires running around with their shirts off. Hamilton loves to talk about how Vampire nipples. After my third nipple reference, it became clear that as a male, I am probably the wrong demographic these novels are targeted at. Nevertheless, the novel is a quick read and can be entertaining if you can get over the incredibly annoying use of the first person narrator. I got so sick of Anita's comments and having her every thought vocalized. How many times does she have to say "Bully for me," "gag me

with a spoon," and "point for him?" It gets real old after the third or fourth chapter. My other big complaint was that this book needs a new editor. It wasn't loaded with mistakes, but I found at least 6 or 7 pretty glaring grammatical or spelling errors. There is no reason why a published novel that has an editor should misspell "too" as "to" or leave out entire words in sentences by mistake. Lastly, the book is a quick read and was pretty action-packed, so I will probably read a few others in the series, provided my guilt at reading a book described on the cover as "filled with erotic chills" can be overcome.
