## REVIEW OF MICROSOFT OFFICE STUDY GUIDE

- As an earlier reviewer pointed out (their comment appears to have been subsequently censored, unfortunately), most of these reviews appear to come from "interested parties" for the purpose of inflating the rating of this book. Notice that they are all written around Sept. 22, 2003, contain little information and give, unequivocally, 5 stars. Of course, they \*could\* all be independent, authentic reviews; judge for yourself. I have not seen or purchased the book, but merely wish to make readers aware of a possible issue.

- This is a great book both technically and practically. It read like a novel and I had a difficult time putting it down!!! In addition, it is beautiful - what a great gift for the angler you know!!!
