REVIEW OF AUTO REPAIR TIME GUIDE

- There are not many books that are right on the mark--this one hits a bull's eye! I highly recommend this golden nugget written by an expert. You will

enjoy reading it again and again. Don't just take my word for it--get this little gem for your personal collection today. Thank you, Dr. Zoglio!!!

- This is one of my favorite scary story books EVER! I don't know about recommending this book to youngsters because it does have some very eerie illusions and spooky tales in it. However, as an 18 year old reviewer, this book rocks! It really does come in handy at sleep overs, camps, and on Halloween nights. It gives me the chills even after all these years and I can't get enough of it. I would recommend this book to younger teenagers and adults who like this sort of thing. It's cool! And what else can I

say? The title of the book says it all: SCARY STORIES TO TELL IN THE DARK.
