## **REVIEW OF BRAVE NEW WORLD YORK NOTES ADVANCED**

- Okay, I have read almost all of Stephen Kings book and have enjoyed almost all of them. Books that deal with aliens and UFO's are not my favorite books to read. The only way I would read one those books is if Stephen King wrote it. This was a good book, it got me interested and it kept building the suspense so I was eagerly turning the pages to see what would happen next. Not his best book but it should be read nonetheless.

- I had read, and re-read, Joseph Mitchell's "McSorley's Wonderful Saloon" as a 15-year old and promptly lost the copy, but the book stayed in the mind and I have been looking for a replacement over the last 30 + years!! I had little hope of finding the book again as I thought it must be out of print and, being from India, I assumed Mitchell was one of those obscure and unrecognised American writers. I knew little or nothing about him until recently but I wanted badly to get hold of the book again, so powerful was the effect of the writing even after 30 years. Imagine my surprise and delight when I traced, on the Net, recent editions of all of Joseph Mitchell's works - I promptly ordered both "Up in the Old Hotel" and "My Ears are Bent". Up in the Old Hotel is a collection of four of Joseph Mitchell's published works: McSorleys, Bottom of the Harbour, Old Mr. Flood and Joe Gould's Secret. And with the addition of My Ears are Bent, I now have all of Mitchell's published works. Up in the Old Hotel is the one to go for and, within the collection, McSorley's remains my favourite for it is Mitchell at the height of his reportorial powers - the eye for detail, the unerring instinct for a good story, the ability to bring the obscure and seemingly mundane into pulsating life. Most of the stories in the Old Hotel collection - almost all of them from real life - are about New York street life, about

the people in the Bronx or the Bowery that one would pass by without a second look. Mitchell writes about freaks and oddballs and also about ordinary folk engaged in apparently obscure, hum-drum occupations such as a river fisherman or a community of African Americans on Staten Island. He is the proverbial Fly-on-the-Wall (with composite eyes) and this gives a rare immediacy to his stories and, while he sometimes bludgeons you with detail, he takes you there - be it a Bowery flop-house or a speak-easy, with the characters and their lives, their hopes, their fears, coming alive in all candour and engaging sidelights. Mitchell awakens you to the human interest and, indeed, the essential humanity in his (real) characters and that is his special quality as a writer. These are period pieces about a New York long past but they have a contemporary feel about them; as you read on,

you begin to appreciate that the faces, the appearance and the occupations may have changed but the characters remain and that the people are essentially similar to you and me whilst being different, being themselves. I wish more of Mitchell's Southern stories had been included in the collections for they have the same appealing quality of his Big City pieces but with a different setting, context and a different set of characters. Hopefully, all of his New Yorker output will, one day, be published. Meanwhile you couldn't do better than get hold of *Up in the Old Hotel* and *My Ears are Bent* (though the latter is somewhat patchy and uneven, it is the young Mitchell discovering his metier, honing his skills) and read the stories and re-read them, perhaps every three years!
