## **REVIEW OF TREASURE ISLAND BLACK CAT GREEN APPLE MAHESY**

- Gee, I wasn't as impressed as you guys. I found it quite tedious. Bram Stoker's original is one of a kind. This is not even remotely in the same league.

Sorry.

- I work as a first line production manager at a Fortune 500 company. This book has helped me in developing my skills in confronting people on performance issues. Even though the book may make it seem easier than we all know it is, it lays out very clear fundamental steps on what to do. I think the outline is the fundamental part we all miss when we seem to fail at crucial confrontations. This book is not the bible, but if you are having issues with employees or family members not holding true to committments this book will teach you simple to follow guidelines, so that the next time is more successful.
