This manual contains guidelines to help answer the questions that arise concerning gravel road maintenance such as: What is enough surface crown? What is too much? What causes corrugation? Management decisions on appropriate practices and policies regarding tropical forests often need to be made in spite of innumerable uncertainties and complexities. Among the uncertainties are the lack of formalization of lessons learned regarding the impacts of previous programs and projects. Beyond the challenges of generating the proper information on these impacts, there are other difficulties that relate with how to socialize the information and knowledge gained so that change is transformational and enduring. The main complexities lie in understanding the interactions of social-ecological systems at different scales and how they varied through time in response to policy and other processes. This volume is part of a broad research effort to develop an independent evaluation of certification impacts with stakeholder input, which focuses on FSC certification of natural tropical forests. More specifically, the evaluation program aims at building the evidence base of the empirical biophysical, social, economic, and policy effects that FSC certification of natural forest has had in Brazil as well as in other tropical countries. REVIEW OF FLORIDA DRIVERS TEST STUDY GUIDE

- This is certainly one of the best book-fair purchases I even made in grade school. It's one of the few books I still have from those days, at least :)It contains an eclectic collection of old and new folk tales ranging from the disturbing to the scary to the silly. The illustrations do a wonderful job of capturing the mood and essence of the stories.I liked the stories and illustrations so much, I got them tattooed on my arm :)
- This is the perfect collection of scary stories for kids going off to slumber parties or camp-outs. Many of them end with a "jump" factor, and they are good, creative, scary stories. G-rated, but still scary.Good clean fun for your kids.For little brother or sister, try "in a Dark, Dark Room," an early reader by Alvin Schwartz and Dirk Zimmer for kindergarteners/first graders who just want something a LITTLE LESS scary.
