REVIEW OF AUTO SERVICE REPAIR MANUALS PDF

- If you are looking for adventure, this is the book for you! I had a hard time putting it down. Read it!
- Professor JRR Tolkien had made his mark as an authority on Anglo-Saxon language and mythology, by the time he wrote The Hobbit, in 1937, but the novel was his first great literary success, and of course what introduced many to it's majestic sequel, The Lord of the Rings.65 years later, it still enthalls millions of readers, both young and old. It is a wonderful story to captivate readers aged 10 to 110. It has inspired much creative work, including the theme of a popular computer game during the 1980's. In essence Tolkien was the father of the Sword and Sorcery genre of literature, which has provided the material for so many successful novels, movies and games.Lighter in tone than the Lord of the Rings, it nevertheless contains many references to things deeper and darker than on the surface, such as Gondolin, the last White Council, the Necromancer, and the ring.The Lord of the Rings and The Silmarillion provide a deeper journey into Tolkien's Middle Earth. But younger readers can also enjoy it, for it's own benefit.I first read the book, when I was twelve. It wet my appetite for all things Tolkien and led me to then read the Lord of the Rings and The Silmarillion.The Hobbit is the story of the adventure of Bilbo Baggins, a Hobbit of the green and pleasant country of the Shire, recruited by the wizard Gandalf and a company of Dwarves led by Thorin Oakenshield, to wrest the Dwarves inheritance from the Dragon Smaug under the Lonely Mountain. The company must first battle Trolls , Goblins , Wolves , and Giant Spiders , and comes into contact with Elves , Eagles , Men and other inhabitants of Tolkien's wonderful world.
