**REVIEW OF PRINCIPLES OF MICROECONOMICS MANKIW 6TH EDITION APLIA ACCESS**

- To me the Giver was only okay to me. Although much of it made me think, but not as much as the Madeline L'Engles I enjoy reading. The setting in the Giver was a little boring, and at first I didn't understand the beginning. Sometimes I'm still not sure I do. The book made me consider a few things in my life, but it wasn't good enough to change what I thought.

- The Giver was not an example of good literature. It was confusing, and it had to many unanswered questions. Also, it was difficult to understand. The Giver was confusing because when she had the characters speak, it was hard to follow who was speaking. Also I think that the end was confusing as well because no one knows what happens. It's one of the many unanswered questions that could easily be answered; she never cleared it up so you don't know what happens to Jonas at the end of the story. It was confusing because when the Giver speaks about Rosemary and why she applied for a release it gets confusing because you can't tell whether they are flashing back to the past, or the present. "One for here, one for else where." Lily chanted. The quote was hard to understand because when she was talking about it, we don't know whether she meant for one of them or the twins that were being brought into the community. All in all, I think that The Giver was not good literature.
