REVIEW OF 1ST SEMESTER MECHANICAL ENGINEERING POLYTECHNIC

- Which of course I am, but still. Any baseball fan should enjoy this book. The stories Bissinger tells gives you insight into how LaRussa manages different situations. The access Bissinger received throughout

the 2003 season allowed him to write in-depth about LaRussa's relationship with many Cardinals from the last few years. You'll learn more about LaRussa, Duncan, Pujols, McGwire, Kerry Robinson, Stephenson, Ankiel, Kile, Matheny, Cal Eldred and many more. Highly recommended.

- At the age of fourteen I discovered The Hobbit and other books by Tolkien while attending a Dutch grammar school. I remember the immense popularity of The Hobbit and The Lord of the Rings at that time (mid-seventies) amongst Dutch youngsters. Ever since then I have been re-reading Tolkien's stories every five years or so, and they still are the ultimate escape

from everyday life. Now my fourteen year old son has the same interest in hobbits, elves and dwarves. He even prefers The Hobbit to 'five volumes of Harry Potter' (his own words ..) Might he ever have children of his own, this wonderfully illustrated edition will surely last long enough to provide them with the same reading pleasure it will be giving us both for many years to come!
