REVIEW OF DAILY REFLECTIONS A BOOK OF REFLECTIONS BY A A

MEMBERS FOR A A MEMBERS

- Four stars or three stars?? The book is a readable narative that the author doeasn't claim to be definitive. To use military lingo it's written in the "tactical" rather than the "strategic". Not subject matter but writing approach. I would have preferred more policy and less execution. The high level decision making process and those who made them are too quickly skimmed over for my taste. The book tends to bog down in statistics too often. But to cover the entire WW11 air war from the army's

standpoint in one book is a daunting task! The book ends up more of a "battle" book and lacks the depth that an exhaustive study would produce. Let's say three and a half stars.

- This book is excellent for all the information you may want to know on dutch ovens, how they are manufactured, seasoning, storage, care, how to cook (several ways), etc. There are only a few recipes which are good. I would buy this book again as a reference book. It is great to give as a gift with a dutch oven.
