REVIEW OF

HOW ASIA WORKS JOE STUDWELL

• I have for some years had an axe to grind with whatever committee of human waste it was that got together and decided what constituted classic literature. It must have happened at some point, that a group of people declared themselves worthy to judge for our youth what would teach them to love reading, what made a good story. I love reading. I love a good story. I hate Lord of the Flies. As hard as the educational system tried to force me to read and appreciate their endless list of disturbing books, I still love reading good ones. And when I think back on these school-

supported pieces of filth, Lord of the Flies stands out as the top representative of what is awful in a book. I get what the man was going for, what he was trying to say about humanity. I wish I could say he was dead wrong about human nature but indeed I think he accomplished just what he set out to do. That got the novel one extra star. No more. Yes, when left to their own devices, a group of innocents could very well turn savage. And that's exactly what is wrong with making young people read it. Is there no other novel to teach them about human nature? They'll hate whatever we give them, true, and maybe that's why they have been given such vile specimens, to save the good books for them to appreciate later. But it's no excuse...When I read this in school, it was horrible enough in print, but then they saw to it that we watched a dank, dark, desolate motion-picture rendition as well, in order that we might forever have burned into our memories the image of a little boy being speared by bullies and a plump boy being crushed by a boulder shoved by those bullies. All it did was give kids nightmares and serve to punctuate the message they'd been sending us all through school: bullies will have their way and adults will remain absorbed in their own problems and let them. Some people like a book that makes them feel, whether the emotion be good or

bad. By all means, if you don't care how you feel so long as you're feeling something, read this book. But if you're a teen who has been depressed, living with harsh conditions, facing problems without seeming to find anyone on your side, lay the book down. Read a nice mystery, Jane Austen, Terry Pratchett, Douglas Adams, something that will make life have a little joy in it. Lord of the Flies has been written with the singular ability to suck out whatever joy remains. Shame on

anyone who decides this is the sort of book, out of all that were ever written, that young people should read. We are not all stable, healthy, sheltered innocents who need to see the gritty side for our own good. Now bring on the "not helpful" ratings that will be assigned by all those who have already read it and like it and don't really need to read a review anyway.

- Thanks a lot for fast delivery; the book arrived 4 days from order date regardless of "estimated date."
