### REVIEW OF WRITING DOWN THE BONES

- The best thing about this book is that Jared Diamond explains why there are no trees on Easter Island: the natives cut them down. What was it like, he asked, for those natives who cut down the last tree? Does Diamond really care? This book is for people who hate their neighbors, who supposedly hate materialism, and probably run around with ipods in their ears. I will nominate it for my annual Snooze-Book of the Year Award.

- Anyone interested in why we are where we are and how to learn the hard lessons from the past should read this book.
