REVIEW OF SMITH AND ROBERSON'S BUSINESS LAW 15TH EDITION TEST BANK

- This book has been extoled over and

over to me throughout the years. I tried it about 5 yrs ago and quit after 30 or so pages, but this time when my book group chose it, I was determined to try it again. After all I'm 5 years older. I read it slowly, tried not to analyze it too deeply and become immersed in the flow of the culture. About 100 pages into it, I thought this is really creative and interesting. Fifty pages later, I was bored with its redundancy of characters, names and magical events. It picked up again in the last 50 pages, but it NEVER did for me what so many of the previous readers exclaimed about. I was disappointed. This is one book that didn't live up to its hype.

- So many anthologies seem to have something stilted, or overly academic, or author-centric about them. This one

shares only a sense of urgency in its topics and the poems themselves. A gorgeous collection; I've loved what I've read. The epigraph by Kafka is powerful and describes the book perfectly: "One should only read books which bite and

sting one. If the book we are reading does not wake us up with a blow to the head, what is the point in reading? A book must be the axe which smashes the frozen sea within us."
