small imperfections. The special storytelling style, relatable personalities, and story spins make it a worthwhile enhancement to your shelf. So, if you're searching for an exciting read, Conflict Resolution Interview Questions is certainly worth taking into consideration.

REVIEW OF CONFLICT RESOLUTION INTERVIEW QUESTIONS

- Eragon is a thrilling book packed with intrigue and mystery. This starts with a boy finding the ONLY dragon egg not in the hands of the evil empire. The egg had been in the hands of the varden, the rebel forces working against

the empire. The empire will go to any lengths to get the dragon and the dragon's rider on their side, and the varden wants the dragon and rider just as badly. Caught between two forces, Eragon and the dragon Saphira must learn to control their powers with the help of an old storyteller, Brom, and figure out for which side to fight before they are forced to chose.

- I really enjoyed this book. I did have to get over some annoyance that I had with the similarities between it and a Tolkien story though. Once I got past that (mostly) I had a fun read. It's not perfectly written either but give the guy some time and he'll improve. Also, the character of Angela, "the good

witch" had a frustrating personality and I don't know why Eragon liked her company so much. The sequel *Eldest* bothered me more. I guess it just got a little too odd with Eragon's affiliation with the elves. My biggest negative in the sequel though was that while many kids could enjoy

the book I don't think many parents know that there is a "bedroom scene" between a dating couple. It's a little hard to skip over that part too because from there the story segways into another important story line. Hope he writes something more appropriate for a younger audience.
