REVIEW OF LANGUAGE AND PROOF OF LOGIC ANSWER

KEY

- This is an engaging book to read...hard to put down. It will be interesting to see how the movie holds up against the book.
- Sex and intrigue in 16th Century England. What could be better?I work the local Renaissance Faire and have been interested in the Renaissance and Elizabethan period for years. This book brought to life people I had only read about in dry school texts. Ms. Gregory was able to pull me in to the lives of those at court with their gossip, lies, and scandals.Henry VIII and Anne Bolyn seemed made for each other, both so full of ambition--blind ambition. It's amazing the pressure a country and those closest to you can produce when the throne is on the line. I wouldn't want to be them, but to hear their story in this work of fiction based on history was fascinating.
