One of the biggest mistakes lawyers make is improperly measuring the bottom line. They calculate the short term. Law is a cross-country run. You climb mountains and fly downhill at breakneck speed. Great runners win, like Olympic Gold Medalist Peter Rono, who praises York. Also, Law Review does not always result in success. Enthusiasm is crucial while certain habits hurt advancement. Three Degrees of Law spells out secrets for success and enjoying law. York also

details how women frequently become better attorneys than men while defeating sexism. As for the belief that a Juris Doctor predisposes one to working long days with little joy, York rejects this as myth. He explains how to find genuine passion for law. A vocational approach with concern for clients will allow you to build a career you love and will sustain you for life.

**REVIEW OF KURZBANS
IMMIGRATION LAW
SOURCEBOOK**

- This volume concerns education of the physical, moral and spiritual nature, in addition to contemplating what knowledge is worth. Herbert Spencer was the pre-eminent philosopher and sociologist of the Victorian era in Britain; his views on "social Darwinism" are largely discredited today, but still latent. In his book SOCIAL STATICS, Spencer stressed the importance of individual freedom and the inevitability of human progress - with white males at the forefront of the vanguard of progress.

- For anyone who gets a kick out of the English language and the ways we can find to butcher it, this is a highly entertaining and instructional book. I recommend it without reservation.
