*The Cosmatesque Mosaics of Westminster Abbey* ISD LLC

Museum curators, conservators, painters, teachers, and students will find this volume an

outstanding reference. An encyclopedic collection of specialized data rather than a handbook of art instruction, its five-part treatment covers mediums, adhesives, and film substances; pigments and inert materials; solvents, diluents, and detergents; supports; and tools and equipment.

Gentleman's Magazine,  
Or \_\_\_\_\_ Monthly

Westminster Abbey contains the only surviving medieval Cosmatesque mosaics outside Italy. They comprise: the 'Great Pavement' in the sanctuary; the pavement around the shrine of Edward the Confessor; the saint's tomb and shrine; Henry III's tomb; the tomb of

a royal child, and some other pieces. Surprisingly, the mosaics have never before received detailed recording and analysis, either individually or as an assemblage. The proposed publication, in two volumes, will present a holistic study of this outstanding group of monuments in their historical and archaeological context. The shrine of St Edward is a remarkable survival, having been dismantled at the Dissolution and re-erected (incorrectly) in 1557 under Queen Mary. Large areas of missing mosaic were replaced with plaster on to which mosaic designs were carefully painted. This 16th-century fictive mosaic is unique in Britain.

Conservation of the sanctuary pavement was accompanied by full archaeological recording with every piece of mosaic decoration drawn and colored by David Neal, phase plans have been prepared, and stone-by-stone examination undertaken, petrologically identifying and recording the locations of all the materials present. It has revealed that both the pavements and tombs include a range of exotic stone types. The Cosmati study has shed fresh light on every aspect of the unique series of monuments in Westminster Abbey; this work will fill a major lacuna in our knowledge of 13th-century English art of the first rank, and will

command international interest.

life. Existential thought  
could never have been  
realized without our  
hero. Mearsult was the  
protagonist by the  
way. Not the judge, nor  
the Arab, nor the  
sun.Mearsult is a

completely identifiable personality in all of modern man. He is no stranger to any of us , infact I believe that if we really scrutinize the character of Meursault then we can find a relationship with him that isn't buried or hidden. There is no deep pursuit of darkness in the soul here. He is and will remain the exact copy of our selves for decades to come.To get on with it then, I should say that this examination of the world , religion, consequence, etc stands as one of the finest pieces of work from Camus. No great grandstanding against facism , no explorations of how sinister the self is when confronted by the reality of the self. This work is a true

masterpiece and monument to Camus ideals and philosophies on the absurd.I would further recomend that if the topic interested you that you should read his collected esseys entitled" The Rebel".

- To be put on trial for killing a man and then tried for a lack of emotion makes for a rather interesting day. The main character, Meursault, in Albert Camus's novel, The Stranger, experiences this after attending his mother's funeral in Marengo. He is sent to jail and then put on trial for the murder of a Arab man while at a beach. The novel consists of 154 pages divided into two parts, each part consisting of a number of chapters. This drama is directed toward a wide range of

readers, as it is fairly short in length and not a difficult reading. The criminal drama formula is skewed by Camus, creating an addicting read. One becomes sucked into reading the intense novel in one sitting. Albert Camus's *The Stranger*, effectively and efficiently achieves this goal of enlightening the reader with a unique take on issues. While on trial the matter being discussed shifts from Meursault's killing of an Arab to questioning of his lack of sorrow and remorse for, both, his action of shooting a stranger and his reaction to his mother's death. He is then labeled a threat to society and sentenced to death. The philosophy then comes out of Meursault

the night prior to his date of execution. With some help from the Chaplain, who continues to push Meursault to believe in God, Meursault comes to a final conclusion that humans are born to die. "From the dark horizon of my future a sort of slow, persistent breeze had been blowing toward me, all my life long. . ." (152). For Meursault, death is freedom and new found happiness. There is no reason for sorrow over one's death. "No one, no one in the world had any right to weep for her" (154). Camus places the character of Meursault in Algiers, where "The sun was scorching hot" (31). References to the heat and the sun, such as this, are mentioned repeatedly. Camus's

elaborate descriptions of the surroundings in conjunction with concise character descriptions formulates the unique style of the novel. Madame Meursault has died and her son comes to her funeral. There he stays with her in her coffin through the night. The others staying at the Home joined him for the night. He "had an absurd impression that they had come to sit in judgment"(11). Unaware that soon he will be sitting in judgment in a courthouse. After the funeral he used his extra day off from work to see meet with a former coworker named Marie. He and Marie swim in the pool and go to a comedy later that night, where he "kissed her, but rather clumsily"(24).

Two days later, Meursault returns to work and later that evening talks with a neighbor named Raymond Sintes, a known pimp. Raymond is having a dispute with his mistress and Meursault agrees to help get rid of her by writing her a letter. The next night the police come to the apartment complex and break up a fight between Raymond and his mistress. A few days later Marie, Meursault, and Raymond are invited to their friend Masson's beach house. It is here where Raymond and two Arabs, one the brother of his mistress, begin to fight and Meursault shoots one of them. He is sent to jail, put on trial, where his charge is changed from murder to lack of

grievances, and is then given the death sentence. It is now that he finds the meaninglessness of sorrow. As stated precisely, "From the dark horizon of my future. . ." (152). The story comes to an end with Meursault hoping "that on the day of my execution there should be a huge crowd of spectators and that they should greet me with howls of execration" (154). Death is a new freedom for him and

his mother. They are able to be happy once again. Albert Camus's *The Stranger*, effectively and efficiently achieves this goal of enlightening the reader with a unique take on issues. The book will force the reader to stay on his toes, especially with the plots twists towards the end of the novel. I feel that if I had to pick one book to write a song(\*) about, it would have to be this book.\* *The Cure: Killing an Arab*
