REVIEW OF CBSE MIRROR CLASS 10 QUESTION ANSWER

- This is indeed one of the best science fiction works produced however I must give it a miserable review on account of the almost criminal selection of narrators! There are a great many text to speech programs available which offer a more enjoyable listening experience! I am no stranger to audiobooks but this one is almost unbearable to listen to on account of the deplorable narration!
- i've read the negative reviews and could not believe my eyes! some people compared this series to the LOTR! first LOTR is not SCIENCE FICTION you idiots! it's FANTASY at it's best!!second i hate people who write a review without even reading the whole book! i've read all six of the original dune novels and the ones frank herbert's son wrote and i think all 11 books are great, especially the original novels..this series is not for novice sci-fi readers! so if you are new to this genre stay away from these books or if you don't like them keep your thoughts for yourself!
