My Book of Life by Angel Houghton Mifflin Harcourt

DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.

Conventional wisdom holds that all nations must repay debt. Regardless of the legitimacy of the regime that signs the contract, a country that fails to honor its obligations damages its reputation. Yet should today's South Africa be responsible for apartheid-era debt? Is it reasonable to tether postwar Iraq with Saddam Hussein's excesses? Rethinking Sovereign Debt is a probing analysis of how sovereign debt continuity--the rule that nations should repay loans even after a major regime change, or else expect consequences--became dominant. Odette Lienau contends that the practice is not essential for functioning capital markets, and demonstrates its reliance on absolutist ideas that have come under fire over the last century. Lienau traces debt continuity from World War I to the present, emphasizing the role of government officials, the World Bank, and private markets in shaping our existing framework. Challenging previous accounts, she argues that Soviet Russia's repudiation of Tsarist debt and Great Britain's 1923 arbitration with Costa Rica hint at the feasibility of selective debt cancellation. Rethinking Sovereign Debt calls on scholars and policymakers to recognize political choice and historical precedent in sovereign debt and reputation, in order to move beyond an impasse when a government is overthrown.
