## REVIEW OF KRUGMAN AND WELLS MACROECONOMICS 3RD EDITION SOLUTIONS

- If you love the books you'll like this recording. This series is unabridged. It's something like 52 hours long for all three sets. This is what I put into my car cd player when I was trapped in rush hour traffic. It makes a good escape if you're a Tolkien fan. One reader narrates the whole book, and he does a great job of changing his voice during dialoge between characters. I've been very happy with all three of these recordings.

- The second part of the LOTR trilogy is even more amazing then the first. Plus, if you've watched the movies, there are many things in the extended editions that will make way more sense if you've read the books. Third time reading, no regrets!
