REVIEW OF BYGONES

- I used to be a big fan of SATURDAY NIGHT LIVE . . . so it was with some degree of enthusiasm that I began to read LIVE FROM NEW YORK by Tom Shales and James Andrew Miller. Fortunately, this is one book that matched the hype . . . and the subtitle: AN UNCENSORED HISTORY OF SATURDAY NIGHT LIVE . . . Shales (long one of my favorite TV critics that I only regret that I can't read more often because his column is not run in my local paper) and Miller bring together stars, writers, guest hosts, and contributors for the first-ever oral history of the program . . . they trace it from 1974, when it was just an idea, through 2002, when it has long become an institution. Mike Myers, Chris Rock, Bill

Murray, Tom Hanks, Adam Sandler, Billy Crystal, Dan Aykroyd, Steve Martin, and Paul Simon were just a partial listing of the stars interviewed . . . writers Al Franken, Conan O'Brien and Larry David were also brought into the project. Lorne Michaels, executive producer of the show, was interviewed as well . . . in my ways, this is his story . . . I'm just glad that he was never my boss . . . he comes across as one tough cookie that lives and breathes his work, often with little regard for his or anybody else's personal life. A fair amount of "dirt" is presented (e.g., on John Belushi), but it seems to have been presented objectively . . . there's a great collection of pictures (do I ever miss Gilda Radner!) . . . and it left me wanting what will hopefully be a follow-up book that will profile the many music guests that have appeared. There were many memorable passages; among them: Lorne Michaels: I had to shoot Ford saying "Live from New York" and "I'm Gerald Ford and you're not" for the show. And I suddenly find myself in the Oval Office, and it's just me, the president, and this little crew. There's security too, I'm sure. And Ford does it, but the line reading is wrong, and I realized that it's just the same as working with anybody else and getting them to relax and do the line properly to camera. We'd done two or three takes, and to relax him, I said to him--my sense of humor at the time--"Mr. President, if this works out, who knows where it will lead?" Which was completely lost of him. John Landis: I've seen this attributed to John Lennon, but I know Michael O'Donoghue said it, because I was there when we heard Elvis died. My secretary came in and she said, "Elvis is dead," and Michael O'Donoghue said, "Good career move." Elliot Gould: Gilda became a very close friend of mine. She was the greatest. Just the most lovely and sensitive human being you could imagine. Gilda told me that when she couldn't sleep, she would order food at about two or three in the morning, and she was so bulimic she would order enough for six or seven people, even though it was just her alone. And then when the delivery guy came and rang the bell, she would say, "The food's here! The food's here!"

- When I began to read this book, I was expecting a superbly written historical account of the Saturday Night Live television show, and instead got nothing more than a plethora of transcribed interviews with people associated with the show. When I began reading this book, I was hoping the authors would include a listing of all of the people who have graced the show as regular performers, or one of all of the guest hosts, but none such information was offered. Apparently all it takes to write a best-selling book nowadays is a tape recorder, and a word processor, because that is all this book is comprised of. A court stenographer could have written it.
