REVIEW OF 8817125482 IT26

- Slow to ship, slow shipping (media mail), over charged for slow shipping (charged more than priority shipping rate for media mail), and book was not in as good a quality as advertised. Inside cover - first leaf has area cut/removed that is about the size of a bar code sticker. I suspect this was a library book that has been resold. No clear evidence of this as there are no stamps that say belongs to "X" library, but the first page is cut. This dramatically reduces the value of the book. A collector of excellent condition first editions, as this book was advertised, would not be satisfied with such undisclosed damage. The rest of the book is in good condition - but not collection quality because of damage.

- hubby said I was extra cranky while reading this but man-o-man it was easy to get into the spirit. We just happened to watched "the pianist" right before I started reading and I thought it tied nicely into the theme of how people react under threat of mass extermination. other reviewers did a good job so I won't say anything else. Highly recommended.
