A 'Wasp Factory' for the misery memoir generation. Stephanie is a killer. After an

accident in which her mother dies, she has a near-death experience, and finds herself in a room full of people - everyone she's ever slighted. They clutch at her, scratch and tear at her. But she finds herself drawn back to this place, again and again, determined to unlock its secrets. Which means she has to die, again and again. And she starts to wonder whether other people see the same room when they die. *SLIGHTS* is a deeply intense, disturbing read. Multiple Hugo and Nebula award-winning author, Greg Bear is one of science

fiction's most accomplished writers. Bold scientific speculation, riveting plots, and a fierce humanism reflected in characters who dare to dream of better worlds distinguish his work. Now Bear has written a mind-bendingly epic novel that may well be his masterpiece. Do you dream of a city at the end of time? In a time like the present, in a world that may or may not be our own, three young people—Ginny, Jack, and Daniel—dream of a doomed, decadent city of the distant future: the Kalpa. Ginny's and Jack's dreams overtake them without warning, leaving their bodies behind while carrying their consciousnesses forward, into the minds of two inhabitants of the Kalpa—a would-be warrior, Jebrassy, and an inquisitive explorer, Tiadba—who have been genetically retro-engineered to

possess qualities of ancient humanity. As for Daniel: He dreams of an empty darkness—all that his future holds. But more than dreams link Ginny, Jack, and Daniel. They are fate-shifters, born with the ability to skip like stones across the surface of the fifth dimension, inhabiting alternate versions of themselves. And each guards an object whose origin and purpose are unknown: gnarled, stony artifacts called sum-runners that persist unchanged through all versions of time. Hunted by others with similar powers who seek the sum-runners on behalf of a terrifying, goddess-like entity known as the Chalk Princess, Ginny, Jack, and Daniel are drawn, despite themselves, into an all but hopeless mission to rescue the future—and complete the greatest achievement in human history.

SUPPORTING CHARACTERS IN WORLDShAKER 1 RICHARD HARLAND

The Eternal Machine Vintage

A fabulous collection spanning the galaxies and career of SF superstar Alastair Reynolds Reynolds' pursuit of truth is not limited to wide-angle star smashing - not that stars don't get pulverised when one character is gifted (or cursed) with an awful weapon by the legendary Merlin. Reynolds' protagonists find themselves in situations of betrayal, whether by a loved one's accidental death, as in 'Signal to Noise', or by a trusted wartime authority, in 'Spirey and the Queen'. His fertile imagination can resurrect Elton John on Mars in 'Understanding Space and Time' or make prophets of the human condition out of pool-cleaning robots in the title story. But overall, the stories in ZIMA BLUE represent a more optimistic take on humanity's future, a view that says there

may be wars, there may be catastrophes and cosmic errors, but something human will still survive.

REVIEW OF WORLDShAKER 1 RICHARD HARLAND

- With The Lord of the Rings coming out I picked up The Hobbit about three weeks ago and tried to read it. I thought I would be able to at least get to The Fellowship of the Ring so I could try to go see the movie this Christmas break (I'm a pretty fast reader for a fourteen year old girl). However I'm just reaching page 250 in this book and though everyone promised me it would get interesting I'm still waiting. I find Bilbo an interesting character but quite frankly he didn't pull at me like characters such as Harry Potter and Novalee Nation. And Gandalf annoyed me more than I can express. Though I'm not finished with the book, I must say I hope that The Fellowship of

the Ring is plenty better.

- **Movie Proposal-The Hobbit**Date: 12/01/00To: Mr. Steven SpielbergFrom: Mr. Alan WilcoxSubject: Pertaining to the proposal that the story The Hobbit, by J.R.R. Tolkien, should be made into a movie and in the hopes that you would be willing to direct it.Mr. Spielberg, it came to my attention some time ago that the story The Hobbit should be remade into a feature film and although I know that you probably have an extremely busy schedule it would be a great honor if you would see about directing my movie. As you may already know, The Hobbit has already been made into a movie and that the movie The Lord of the Rings is already in the makings, I still wish to have a remade and revamped version of the story,

preferably using live action rather than animation. I feel that the adventurous story of a hobbit as he and his friends make their way to a dragon's lair, in order to slay him, would make for a wonderful movie. There are many fantasy adventure fans out there just waiting for another movie based on this popular book. This story has all the makings for a great movie: a likable and funny main character, a old and wise father figure, a multitude of helpful friends, and the freedom of creativity that only a fantasy story can give. The basic structure of a good lesson, namely the advancement from complacency and boredom to adventure and mystery, and the combination of action packed adventure could possibly even make The Hobbit a better seller even than E.T.The

wonderful tale of an adventurous hobbit, of the new friends he makes and their struggle to take back their home should make for a superb movie. Along with the possibility of several sequels if this first movie works out there are the endless possibilities for creativity and ingenuity on the part of the director. Thanks to the advancements in visual arts and computer graphics it is now possible to create the vivid and vibrant universe that was originally created by J.R.R. Tolkien in his wonderful story. My only hope is that you will accept my proposal for a movie based on The Hobbit and that you might be able to direct it yourself or at least pass it on to someone with as much vision as yourself. I thank you for taking the time to read my request and I hope you

consider the opportunities available for success.
