Self-Portrait of K'ang-Hsi Penguin UK

"A globe-trotting, whirlwind, tragi-comic family saga that wrings tears from absurdity and laughter from loss. A joy to read from start to finish." — Andrew Sean Greer, author of *Less*, winner of the 2018 Pulitzer Prize

The Nest meets Crazy Rich Asians in this sharp comedic novel about a Chinese-American family's attempts (or not) to fulfill its dying patriarch's final bequest. Some of us are more equal than others.... Meet Stanley Huang: father, husband, ex-husband, man of unpredictable tastes and temper, aficionado of all-inclusive vacations and bargain luxury goods, newly diagnosed with pancreatic cancer. For years, Stanley has claimed that he's worth a small fortune. But the time is now coming when the details of his estate will finally be revealed, and Stanley's family is nervous. For his son Fred, the inheritance Stanley has long alluded to would soothe the pain caused by years of professional disappointment. By now, the Harvard Business School graduate had expected to be a financial tech god - not a minor investor at a middling corporate firm, where he isn't even allowed to fly business class. Stanley's daughter, Kate, is a middle manager with one of Silicon Valley's most prestigious tech companies. She manages the capricious demands of her world-famous boss and the needs of her two young children all while supporting her would-be entrepreneur husband (just until his startup gets off the ground, which will surely be soon). But lately, Kate has been sensing something amiss; just because you say you have it all, it doesn't mean that you actually do. Stanley's second wife, Mary Zhu, twenty-eight years his junior, has devoted herself to making her husband comfortable in every way—rubbing his feet, cooking his favorite dishes, massaging his ego. But lately, her commitment has waned; caring for a dying old man is far more difficult than she expected. Linda Liang, Stanley's first wife, knows her ex better than anyone. She worked hard for decades to ensure their financial security, and is determined to see her children get their due. Single for nearly a decade, she might finally be ready for some romantic companionship. But where does a seventy-two year old Chinese woman in California go to find an appropriate boyfriend? As Stanley's death approaches, the Huangs are faced with unexpected challenges that upend them and eventually lead them to discover what they most value. A compelling tale of cultural expectations, career ambitions and our relationships with the people who know us best, *Family Trust* skewers the ambition and desires that drive Silicon Valley and draws a sharply loving portrait of modern American family life.

Baotown University of Michigan Press

The story of three generations in twentieth-century China that blends the intimacy of memoir and

the panoramic sweep of eyewitness history—a bestselling classic in thirty languages with more than ten million copies sold around the world, now with a new introduction from the author. An engrossing record of Mao’s impact on China, an unusual window on the female experience in the modern world, and an inspiring tale of courage and love, Jung Chang describes the extraordinary lives and experiences of her family members: her grandmother, a warlord’s concubine; her mother’s struggles as a young idealistic Communist; and her parents’ experience as members of the Communist elite and their ordeal during the Cultural Revolution. Chang was a Red Guard briefly at the age of fourteen, then worked as a peasant, a “barefoot doctor,” a steelworker, and an electrician. As the story of each generation unfolds, Chang captures in gripping, moving—and ultimately uplifting—detail the cycles of violent drama visited on her own family and millions of others caught in the whirlwind of history.

A Border Story Simon and Schuster

In the aftermath of a messy divorce, Frances Kai-Hwa Wang writes in the hope of beginning to build a new life with four children, bossy aunties, unreliable suitors, and an uncertain political landscape. The lyric essays in *You Cannot Resist Me When My Hair Is in Braids* deftly navigate the space between cultures and reflect on lessons learned from both Asian American elders and young multiracial children, punctuated by moments rich with cultural and linguistic nuance. In her prologue, Wang explains, "Buddhists say that suffering comes from unsatisfied desire, so for years I tried to close the door to desire. I was so successful, I not only closed the door, I locked it, barred it, nailed it shut, then stacked a bunch of furniture in front of it. And now that door is open, wide open, and all my insides are spilling out." Full of current events of the day and #HashtagsOfTheMoment, the topics in the collection are wide ranging, including cooking food to show love, surviving Chinese School, being an underpaid lecturer, defending against yellow dildos, navigating immigration issues, finding love in a time of elections, crying with children separated from their parents at the border, charting the landscape of frugal/hoarder elders during the pandemic, witnessing COVID-inspired anti-Asian American violence while reflecting on the death of Vincent Chin, teaching her sixteen-year-old son to drive after the deaths of Trayvon Martin and George Floyd, and trusting the power of writing herself into existence. Within these lyric essays, some of which are accompanied by artwork and art installations, Wang finds the courage and hope to speak out for herself and for an entire generation of Asian American women. A notable work in the landscape of Asian American literature as well as Midwest and Michigan-based literature, *You Cannot Resist Me When My Hair Is in Braids* features a clear and powerful voice that brings all people together in these political and pandemic times.

"[An] intricate and unsettling new novel . . . *Death in Her Hands* is not a murder mystery, nor is it really a story about self-deception or the perils of escapism. Rather, it's a haunting meditation on the nature and meaning of art." -Kevin Power, *The New Yorker* From one of our most ceaselessly provocative literary talents, a novel of haunting metaphysical suspense about an elderly widow whose life is upturned when she finds an ominous note on a walk in the woods. While on her daily walk with her dog in a secluded woods, a woman comes across a note, handwritten and carefully

pinned to the ground by stones. "Her name was Magda. Nobody will ever know who killed her. It wasn't me. Here is her dead body." But there is no dead body. Our narrator is deeply shaken; she has no idea what to make of this. She is new to this area, alone after the death of her husband, and she knows no one. Becoming obsessed with solving this mystery, our narrator imagines who Magda was and how she met her fate. With very little to go on, she invents a list of murder suspects and possible motives for the crime. Oddly, her suppositions begin to find correspondences in the real world, and with mounting excitement and dread, the fog of mystery starts to fade into menacing certainty. As her investigation widens, strange dissonances accrue, perhaps associated with the darkness in her own past; we must face the prospect that there is either an innocent explanation for all this or a much more sinister one. A triumphant blend of horror, suspense, and pitch-black comedy, *Death in Her Hands* asks us to consider how the stories we tell ourselves both reflect the truth and keep us blind to it. Once again, we are in the hands of a narrator whose unreliability is well earned, and the stakes have never been higher.

How to Not Be Afraid of Everything Henry Holt and Company

2020 J. ANTHONY LUKAS PRIZE WINNER From the bestselling author of *There Are No Children Here*, a richly textured, heartrending portrait of love and death in Chicago's most turbulent neighborhoods. The numbers are staggering: over the past twenty years in Chicago, 14,033 people have been killed and another roughly 60,000 wounded by gunfire. What does that do to the spirit of individuals and community? Drawing on his decades of experience, Alex Kotlowitz set out to chronicle one summer in the city, writing about individuals who have emerged from the violence and whose stories capture the capacity--and the breaking point--of the human heart and soul. The result is a spellbinding collection of deeply intimate profiles that upend what we think we know about gun violence in America. Among others, we meet a man who as a teenager killed a rival gang member and twenty years later is still trying to come to terms with what he's done; a devoted school social worker struggling with her favorite student, who refuses to give evidence in the shooting death of his best friend; the witness to a wrongful police shooting who can't shake what he has seen; and an aging former gang leader who builds a place of refuge for himself and his friends. Applying the close-up, empathic reporting that made *There Are No Children Here* a modern classic, Kotlowitz offers a piercingly honest portrait of a city in turmoil. These sketches of those left standing will get into your bones. This one summer will stay with you.

The Gate of Heavenly Peace Hogarth

What happens when an undocumented teen mother takes on the U.S. immigration system? When Aida Hernandez was born in 1987 in Agua Prieta, Mexico, the nearby U.S. border was little more than a worn-down fence. Eight years later, Aida's mother took her and her siblings to live in Douglas, Arizona. By then, the border had become one of the most heavily policed sites in America. Undocumented, Aida fought to make her way. She learned English, watched *Friends*, and, after having a baby at sixteen, dreamed of teaching dance and moving with her son to New York City. But life had other plans. Following a misstep that led to her deportation, Aida found herself in a Mexican city marked by violence, in a country that was not hers. To get back to the United States and reunite with her son, she embarked on a harrowing journey. The daughter of a rebel hero from the

mountains of Chihuahua, Aida has a genius for survival—but returning to the United States was just the beginning of her quest. Taking us into detention centers, immigration courts, and the inner lives of Aida and other daring characters, *The Death and Life of Aida Hernandez* reveals the human consequences of militarizing what was once a more forgiving border. With emotional force and narrative suspense, Aaron Bobrow-Strain brings us into the heart of a violently unequal America. He also shows us that the heroes of our current immigration wars are less likely to be perfect paragons of virtue than complex, flawed human beings who deserve justice and empathy all the same.

#1 NEW YORK TIMES BESTSELLER • The funny, sad, super-honest, all-true story of Chelsea Handler's year of self-discovery—featuring a nerdily brilliant psychiatrist, a shaman, four Chow Chows, some well-placed security cameras, various family members (living and departed), friends, assistants, and a lot of edibles A SKIMM READS PICK • “This will be one of your favorite books of all time.”—Amy Schumer In a haze of vape smoke on a rare windy night in L.A. in the fall of 2016, Chelsea Handler daydreams about what life will be like with a woman in the White House. And then Donald Trump happens. In a torpor of despair, she decides that she's had enough of the privileged bubble she's lived in—a bubble within a bubble—and that it's time to make some changes, both in her personal life and in the world at large. At home, she embarks on a year of self-sufficiency—learning how to work the remote, how to pick up dog shit, where to find the toaster. She meets her match in an earnest, brainy psychiatrist and enters into therapy, prepared to do the heavy lifting required to look within and make sense of a childhood marked by love and loss and to figure out why people are afraid of her. She becomes politically active—finding her voice as an advocate for change, having difficult conversations, and energizing her base. In the process, she develops a healthy fixation on Special Counsel Robert Mueller and, through unflinching self-reflection and psychological excavation, unearths some glittering truths that light up the road ahead. Thrillingly honest, insightful, and deeply, darkly funny, Chelsea Handler's memoir keeps readers laughing, even as it inspires us to look within and ask ourselves what really matters in our own lives. Praise for *Life Will Be the Death of Me* “You thought you knew Chelsea Handler—and she thought she knew herself—but in her new book, she discovers that true progress lies in the direction we haven't been.”—Gloria Steinem “I always wondered what it would be like to watch Chelsea Handler in session with her therapist. Now I know.”—Ellen DeGeneres “I love this book not just because it made me laugh or because I learned that I feel the same way about certain people in politics as Chelsea does. I love this book because I feel like I finally really got to know Chelsea Handler after all these years. Thank you for sharing, Chelsea!”—Tiffany Haddish

"Explores the vulnerable ways we articulate and reckon with fear: fear of intergenerational trauma and the silent, hidden histories of families. What does it mean to grow up in a take-out restaurant, surrounded by food, just a generation after the Great Leap Forward famine in 1958-62. Full of elegy

Powerful, affecting essays on mental illness, winner of the Graywolf Press Nonfiction Prize and a Whiting Award An intimate, moving book written with the immediacy and directness of one who still struggles with the effects of mental and chronic illness, *The Collected Schizophrenias* cuts right to the core. Schizophrenia is not a single unifying diagnosis, and Esmé Weijun Wang writes not just to her fellow members of the "collected schizophrenias" but to those who wish to understand it as well. Opening with the journey toward her diagnosis of schizoaffective disorder, Wang discusses the medical community's own disagreement about labels and procedures for diagnosing those with mental illness, and then follows an arc that examines the manifestations of schizophrenia in her life. In essays that range from using fashion to present as high-functioning to the depths of a rare form of psychosis, and from the failures of the higher education system and the dangers of institutionalization to the complexity of compounding factors such as PTSD and Lyme disease, Wang's analytical eye, honed as a former lab researcher at Stanford, allows her to balance research with personal narrative. An essay collection of undeniable power, *The Collected Schizophrenias* dispels misconceptions and provides insight into a condition long misunderstood.

REVIEW OF DEATH OF WOMAN WANG THE

- Once again, Asimov serves up a thrilling read for the sci-fi fan. The two story-lines followed in the text pertain particularly to the question of if/how spectacular individuals can alter the Plan of Hari Seldon. The first pertains to a final thrust of the Empire while the second pertains to the question of an anomalous power known as the Mule. The final expeditions of the Empire attempt to take over the foundation by means of the talented general Bel Riose. Bel Riose launches a campaign against the Foundation and pushes toward victory with nearly unprecedented ease, backed by the Imperium. This first half of the book considers the power of the individual and the mass with respect to the great movements within the Foundation according to the Plan. Although I will not reveal much more than this, I will at least say that the outcome of part one is intriguing in comparison to part two, dealing with the Mule. The second half of the story deals with the relationship of Seldon's plan to the possibility of a mutation which begets a figure who is an extremely powerful galactic conqueror, destroying the overall political milieu foresaw by Seldon. To speak much more of this would spoil the read for you. However, I must say that it is a thrilling text which kept me on the edge of my seat all the way through the end. The ending itself was such a surprise that it indeed reminded me that I was reading Asimov, for it is just the type of intellectual curve-ball that he would throw just as the novel ends. Once again, we have a stupendous text on our hands in these two. It raises major questions about the plausibility of psycho-history, some of which are raised again in the third text in the series. I suggest this text most thoroughly to all sci-fi fans. I only suggest that you at least read *Foundation* before reading this book.

- I have always considered myself to be proficient at getting things organized and not having too many regrets afterward. I work more happily and efficiently when things are properly setup. This book answered several questions that I was considering in reworking my shop/2 car garage. The author provides you with the thought processes not exact layouts or locations for equipment. The author covers the advantages and pitfalls to various shop problems and locations. He effectively covers working with what you already have and does not necessarily recommend building a shop from the ground up. Mr. Nagyszalanczy does a commendable job of getting you to think through

your needs and habits, along with his insight (and examples of others' shops) to set up a functional, habitable and not necessarily costly work shop. This book saved me time, money and some amount of frustration and embarrassment. Well worth it.
