REVIEW OF HOWARD

HUGHES HIS LIFE AND MADNESS EPUB EPUB BOOK

- This is a great book, i haven't read it all but going through it i am going to look through it quite often to reference. I would recommend this book to those who are interested in learning more about herbs and their uses.
- I cannot stress enough how much I like this book, and all of Langston Hughes' writings. He is my favorite author, poet, playwright and I always enjoy his work. No matter what race you are (I myself happen to be white), you should be able to realize the social importance of all of Langston Hughes' work. This particular book really sheds light on the plight of so many black people that really isn't taught to young people. The progression

that all the characters make in this book is really written quite well. I liked the fact that the book took place over a long period of time. Also, there are some events and plots that are unexpected, but definitely realistic.
