- I just read Eragon for the third time and I love it! I can't wait for more. Eragon has the right combination of action, story, and adventure. It is a believable tale. Jeremy Miller

- This book was a fun read. There are times that you can tell that the writer was in his mid to late teens when he wrote it, and other times that he writes far beyond what you would expect from someone his age. Excellent read that I would recommend to any fan of this genre.
