## **REVIEW OF BECOMING AMERICAN THE EARLY ARAB IMMIGRANT EXPERIENCE M E R I SPECIAL STUDIES**

- If you remember, several years ago, Elder Ballard gave the same talk back to back in general conference. Remember the subject? It was on councils (See "Ensign," November 1993, "Strength in Counsel," "Ensign," May 1994, "Counseling with our Councils.")This book is in response to those two topics, so consider this a course in ecclesiastical management and religious organizational behavior. We are not using the Church councils properly, and this book is one apostle's attempt to put us on the right track. So often leadership is equated with office, or is seen

as bossing people around. This is not only wrong, but is dead wrong. We have so many pairs of eyes in our wards and stakes: the elders presidents, the high priests, the Aaronic Priests, the Female's Relief Society, and every other auxiliaries, we are literally dying of thirst right by an artesian well. This book has really opened my eyes. I think that we have all the helps we really need under our noses. The key is for the leaders to open the floodgates and let the people get busy. People in the ward have ideas and insights that the priesthood leaders may miss. The whole sum of creation was began with a grand council. This is the

eternal example for all of us.

- Romeo and Juliet is the best of Shakespeares work ever. Everyone knows the story, but once you read it, it brings the meaning and connection to a different level. The language is beautiful. The words passed between Romeo and his love are so moving, you read them over and over. Even if you don't understand what they are saying, you'll still get the general idea and fall in love with this forbidden romance. Even though its a sad ending. The tragedy just adds more to the play. A magnificent book...you have to read it.
