## **REVIEW OF PHARMACEUTICAL PRODUCT MANAGER INTERVIEW QUESTIONS ANSWERS**

- It's very ironic that the supposed greatest generation were not able to instill their sterling qualities in their own children - the much maligned baby boomers. This failure seems to expose a serious deficiency of parenting and mentoring skills.
- This is a touching book that touches the very core of what it is to be an American. It is something the people of younger generations should read to realize how good we have it and how the World War Two generation persevered and literally saved the world. This book is testimony to rugged individualism, morality, honor, and duty--and makes the reader realize how silly some of our "beefs" with world today really are. Like Stephen Ambrose, my hat is off to Tom Brokaw for putting together this superb collection about the Greatest Generation! Read it and tell someone from the World War Two how much you appreciate their sacrifice!
