REVIEW OF COMPLETE ROTARY SEALS CATALOGUE

- Judith McMonigle Flynn needs to have a hip replacement, coincidentally at the same time that her cousin Renie is having shoulder surgery. They

are a little apprehensive about their admission to Good Cheer Hospital, because there seems to be a rash of deaths of basically healthy people who have recently had surgery at the hospital. There is a rumor of a takeover of Good Cheer and there are plenty of quirky hospital employees as well as relatives of the deceased which gives Judith a long list of suspects. Her husband is working on a case dealing with homeless people and Judith suspects that there is a connection to the case she's working on. Undaunted by her surgery, Judith travels around the hospital in her wheel chair and, as usual, manages to solve the mystery before the police. This is another enjoyable

book in the Bed-and-Breakfast series.

- Disregarding the literary merits of Dostoevsky's novel, the editing of this book is dreadful, to say the least. From the bizarre blurb ("Vanya has a crush on Natasha"... "probably literally an homage to Dickens"... "Anyway, Vanya saves from an abusive household") the editors demonstrate a disconnected grasp of grammatical and linguistic structure, which disintegrates further throughout the text. A typical example of this blatant lack of proofreading reads as follows: "How is Natalya Nikolaevna? Is she at home I inquired of the anxious lady. (The quotation never reaches a conclusion). Similarly, there are

several instances of typographical punctuation errors ("I less than any,") as well as a general lack of grammatical syntax. For a so-called classic, the editors of this book have either lazily failed to do the text justice by omitting necessary linguistic features, or the editing has in fact been completed by a panel of inebriated armadillos.
